CUSTOM REPORT LIBRARY

MuniSoft
Municipal Software... and More!

Product Information

DO I NEED THIS SOFTWARE?

You need this application if you want to:

- Access specialized reports from the data in your MuniSoft programs
- Create customized reports that meet the unique needs of your office
- Export specially needed data from your MuniSoft programs to Excel or other programs for further analysis and reporting.

WHAT WILL THIS APPLICATION DO FOR ME?

With the Custom Report Library, you use MuniSoft's Report Builder & SQL Server Reporting Services to access tailor-made reports from your MuniSoft receivable data. Choose from three levels of report development options to meet your custom reporting needs.

WHAT CAN I LOOK FORWARD TO WHEN USING THIS PROGRAM?

Basic Report Library:

- You will access the many specialized reports available in the basic library for direct printing or export to other programs, such as Excel.
- You will receive new reports in the library as they become available through periodic MuniSoft software updates.

Designing your own reports:

- You will build your own personalized reports using the program's unique "views" of your MuniSoft data

- You will receive new views as they become available
- You will personalize your reports easily using the intuitive Microsoft user interface
- You will add logos, images, and other components to your customized reports

MuniSoft Report Building Service:

- You will be able to commission a report from MuniSoft for use in the Report Library for a nominal fee

- You will be able to have a member of MuniSoft's staff work with you to build and design a report, based on your specifications.
- To commission a report, contact Client Care for a quote.
